MESSAGE**

Personally Grinding Out Text of
Message to Congress on
Mexican Situation

BELIEVED HE WILL GIVE
TEXT OF STATE NOTES

Bryan Warns Mexican Leaders
They Will be Held Responsible
for Life of S. C. Hulse

WASHINGTON, Aug. 22.—President Wilson locked himself in his study today and began personally typewriting his proposed message to Congress on the Mexican situation. He dislikes to dictate, hence will do all the work himself. This message will be the longest he has written. He is expected to make additional recommendations regarding America's attitude toward Mexico.

WASHINGTON, Aug. 22.—Secretary of State Bryan today warned Provisional President Huerta and Governor Carranza that they will be held personally responsible for the safety of Shierly C. Hulse, son-in-law of Lieutenant-Governor Reynolds of Pennsylvania, arrested two weeks ago in La Biquilla, Mexico. Nothing has been heard from Hulse since his arrest. The President continued his labors throughout the greater part of the day, stopping only for meals and once for a short conference with Secretary of State Bryan. It is believed the full text of John Lind's instructions will be incorporated. It is not stated when the message will be presented to Congress.

**DYNAMITE UNDER
GAYNOR'S WINDOW**

Stuff Sufficient to Have Blown
Up New York City Hall Was
Ready to Light

NEW YORK, Aug. 22.—Six sticks of dynamite were found yesterday afternoon under a window of Mayor Gaynor's office. After analysis, the inspectors reported that the stuff was "90 per cent" dynamite—a quantity sufficient to have demolished the city hall. Detonating caps and fuse were found to be placed in the proper position for exploding it.

The mayor was in his office when the dynamite was discovered by a citizen passing through City Hall Park. Mr. Gaynor evinced little interest when told about it and remained at his desk while police officials drew a cordon about the dynamite to keep back an inquisitive crowd.

It is just three years ago this month that the mayor was shot in the neck by a so-called crank and so badly wounded that for several days it was feared he would die. The mayor frequently receives threatening letters.

EARTHQUAKE AT MESSINA

Populace Flees in Great Panics Fearing
Repetition of Former Ter-
rible Disaster

MESSINA, Aug. 22.—A strong earthquake occurred here yesterday afternoon. It was brief in duration, not more than four seconds, but caused a great panic among the populace, who ran out of the wooden huts where they have lodged since the earthquake in 1908.

**FIRE MENACED ALL
BUSINESS PART OF
QUINCY, ILLINOIS**

QUINCY, Ill., Aug. 22.—A fire this afternoon threatened the entire business district of the city. At 2:30 o'clock an entire square block in the heart of the retail district was destroyed, the flames gaining despite the fire department. Twenty-five horses were incinerated in the livery barn where the fire started.

**AVIATOR PLUNGES
5000 FEET AT END OF
A SIX-MILE FLIGHT**

HALBERSTADT, Germany, Aug. 22.—Lieutenant Schmidt, an army aviator, was killed today, falling five thousand feet as he completed a six-mile flight.

**Americans in
Paris to Fight
Army Ruling**

PARIS, Aug. 22.—A score of Americans living temporarily on French soil today formed an organization to fight the French army bill clause of which, they declare, would force them to serve in the army. The clause to which they object declares the following are naturalized Frenchmen and so must serve:

"Children born on French soil of a father, himself born on French soil; children born on French soil, of a father born outside of France, and of a French mother; children born in France of a foreign father and who are domiciled in France at the age of majority."

Bulletins of News

Hot from the wire up to 2:30 p. m.

THE WEATHER

Fair tonight and Saturday, except cloudy or foggy along the coast; light west winds.

**Bronze Plaque
Will Cost \$16,000**

PARIS, Aug. 22.—A bronze plaque showing the outlines of ancient Rome, which was begun here today, is to cost \$16,000. When completed the piece will be placed in the Sorbonne.

**Franco Fortifies
Submarine Cables**

PARIS, Aug. 22.—The French government today began the work of fortifying its submarine cables to protect them from deep sea shrimps and other destructive fish. It will take a vast outlay of money to do the work. In the Mediterranean several cable lines at a depth of from 2,500 to 12,000 feet have had their insulation destroyed by shrimps. The cables between the ports of Naples and Palermo have been armored with supplementary casings of copper at great expense.

**Traffic Experts Discuss
Railroad Tariff Schedules**

DULUTH, Minn., Aug. 22.—The committee of traffic experts in convention here held another executive session yesterday. Differences existing in freight schedules were discussed and recommendations will be made to the railroads interested.

**1000 C. E. to Plinio
Sept. 1 in Verdugo Park**

LOS ANGELES, Aug. 22.—One thousand Christian Endeavorers of Southern California will assemble at Verdugo Park, September 1, for an open air meeting and picnic of the county unions.

**Boy Scouts Make Long
Hike in the Big Horn Range**

SHERIDAN, Aug. 22.—Troop two of the local company of boy scouts has completed a "90-mile hike" across the Big Horn range of mountains and returned an overland walk and to have seen the longest ever accomplished by the organization in this nation. The boys were under the care of Scoutmaster C. H. Bufum and made the trip without guides.

**Villages Blown Away
By Terrible Cyclone**

MILAN, Aug. 22.—A terrible cyclone has devastated the entire Italian lake districts. Dozens of mountain villages have been blown away. The camps are ruined and all the factories have been compelled to close.

HIS CHIVALRY COMES LATE

SAN FRANCISCO, Aug. 22.—Brew Campbell declared today he would rather go to jail than contradict any statement Lora Norris makes on the witness stand in his trial. He said: "Lora is a good girl, and treated me right. She was fair with me and I will be fair with her. I would rather go to prison than cause her further embarrassment."

**MISSOURI WOMEN
TO OPEN SUFFRAGE
CAMPAIGN ON SEPT. 1**

ST. LOUIS, Aug. 22.—Announcement has been made here that the campaign for woman suffrage would formally open in Missouri September 1, when Mrs. Walter McNabb Miller of St. Louis will begin a tour of the northern part of the state. Suffrage workers are circulating petitions for the submission of the constitutional amendment in 1914 under the initiative clause.

**CARNEGIE BALKAN INQUIRY
IS ON INDEPENDENT BASIS**

PARIS, Aug. 22.—The secretary of the Carnegie endowment for international peace says the Balkan inquiry which has just started is entirely the work of the endowment and was instituted entirely without previous consultation with Mr. Carnegie, who for the last two years has left the endowment complete liberty of action.

**TROLLEY STRIKE THREATENED
INDIANAPOLIS, Aug. 22.—An in-**

terurban trolley strike affecting all the motormen and conductors in Indianapolis will be declared tomorrow unless the companies agree to arbitrate demands for higher wages.

**HEAT WAVE IN AVERAGE COSTS
MIDDLE WEST
BROKEN
\$39.29 AND
\$86.36**

Lincoln Reports 40 Degree Drop—First Relief in Six Weeks in Many Places
Pupil Table Issued by Berkeley Board

**8 DEATHS IN DETROIT
REPORTED YESTERDAY**

Relief Too Late to Benefit Crops Without Rainfall; Corn Crop Past Saving

CHICAGO, Aug. 22.—The Middle Western heat wave has been broken by a general drop in temperature. Lincoln, Neb., reports a forty-degree drop in twelve hours. In many localities the relief was the first for six weeks.

Eight deaths were reported yesterday in Detroit alone, and hundreds of prostrations. In various cities several deaths occurred that were indirectly due to the heat.

The heat is less in various sections of the western part of the Middle West, although the Ohio River section is still suffering. It is believed the change in weather will be of little general benefit to crops unless accompanied by rains. Corn has already experienced all possible damage that can be done. Cooler weather prospects are offered for the coming week.

**DROUTH FORCES FARMERS TO
ASK DUTY LIFTED FROM CORN**

TOPEKA, Kan., Aug. 22.—Kansas farmers and stockmen, owing to the effect of the drought upon the corn crop, will ask the removal of the tariff duty on Argentine corn, so it may be imported and fed to Kansas stock, according to a statement last night by George B. Rose, state grain inspector, who has just returned from a tour of inspection through Southwestern Kansas. By removing the duty he said the Argentine corn could be delivered to the Kansas farmers about 10 cents a bushel less than the present price of corn in the state.

"Many elevators are planning to put in machinery to grind up good Kansas milling wheat for stock feed," the inspector said.

He reported an estimate of one-tenth of a crop on the yield of corn in the district he visited.

**CRUISER RAMMED
BY BATTLESHIP**

Und Sinks in Swedish Port
With Great Loss of Life;
Mimic Warfare Accident

STOCKHOLM, Aug. 22.—An armored cruiser rammed and sank an unidentified gunboat off Malmo today, according to a telegram received here. Many are believed to have been drowned.

Later Reports
Late reports gave the name of the battleship as the Oden and the cruiser as the Urd.

The accident occurred during mimic warfare. Many of the sailors were rescued but the loss of life was heavy.

**LONG BEACH C. OF C.
FAVORS DEFENSES**

Passes Resolution Indorsing Plan of Making Pacific Defense Equal Atlantic

LONG BEACH, Aug. 22.—The chamber of commerce has indorsed the proposal of bringing the Pacific coast fortifications up to the standard of those maintained by the government on the Atlantic seaboard and also Secretary Daniels' plan of recommending to congress that an appropriation be made for the construction of four battleships of the largest and most approved type at the earliest opportunity.

The resolution indorsing the plan for a larger navy was similar to the one adopted by the Los Angeles Chamber of Commerce.

Santa Ana Included in Cost Per Pupil Table Issued by Berkeley Board

**FIFTEENTH AND
THIRTEENTH SHOWN**

Interesting Figures Are Compiled—Santa Ana Among First Eighteen Systems

The board of education of Berkeley has issued a statement showing the cost of educating children in the first eighteen school systems of the state, and the statistics gathered by the Berkeley school board show that as to average cost per elementary pupil, Santa Ana is fifteenth in the state and as to average cost per high school pupil is thirteenth.

According to the Berkeley report the following table gives the names of the first eighteen school systems in order of cost per pupil for elementary school education:

Pasadena	\$84.71
Pomona	73.45
Los Angeles	66.52
Sacramento	64.44
Berkeley	56.71
Alameda	54.36
Stockton	51.08
Redlands	50.83
Long Beach	50.66
Santa Monica	46.92
Riverside	45.65
Oakland	45.05
San Diego	43.96
Fresno	39.72
Santa Ana	39.29
San Jose	39.27
San Bernardino	37.86
San Francisco	24.83
Average	54.41

The following table shows the same systems in order of cost per pupil for high school education:

Los Angeles	\$143.19
Pasadena	122.60
Riverside	122.60
Redlands	114.29
Pomona	114.24
San Diego	110.40
Santa Monica	108.92
Long Beach	103.23
San Jose	97.46
Palo Alto	96.90
San Bernardino	95.44
Oakland	88.28
Santa Ana	86.27
Stockton	83.26
Berkeley	79.33
Alameda	78.45
Sacramento	72.93
San Francisco not reporting	
Average	\$102.79

**A "GRAND RUSH" AT
VANDERMAST & SON'S
EARLY THIS MORNING**

There was certainly "something doing" at Vandermast & Son's clothing store when the doors opened at 9 o'clock this morning. It was a good deal like a college "rush," only it was less noisy and there were all kinds of people in it, of both sexes, old and young.

The combination of "Big Ben" big bargains and ten dollars' worth of goods free—one dollar's worth to each of the first ten persons to enter the store—brought out the crowd all right; and other crowds have been coming and going all day.

**EX-JUSTICE McCALL
TO BE TAMMANY'S
MAN FOR N. Y. MAYOR**

NEW YORK, Aug. 22.—Ex-Supreme Court Justice Edward E. McCall today accepted Chas. Murphy's offer to become Tammany's candidate for mayor. This eliminates present Mayor Gaynor, who asserts that he will run independently.

The Republicans have already endorsed John Pursey Mitchell. McCall is now chairman of the Public Service Commission.

**"SEPTEMBER MORN"
CAUSES TROUBLE**

Litho Company May be Enjoined from Making and Distributing Picture

NEW YORK, Aug. 22.—"September Morn," the young lady whose recent sensational debut brought down a storm of protest from Anthony Comstock, has caused more trouble. This time the controversy is not over the propriety of her appearance, but concerns the right of reproducing and distributing prints of the original Paul Chabas creation.

H. C. Kendall Hester, who says he has purchased this right from the company which imported the picture, has asked the United States district court as a matter of equity to enjoin the McGowan Silsbee Litho Company of this city from printing and distributing copies of the painting. He also asks \$25,000 damages.

**BANKERS TO PROTEST
NEW CURRENCY BILL**

Financiers From Over U. S. Assemble To Discuss Measure—Leading Features Denounced

CHICAGO, Aug. 22.—President Barton Hepburn of the Chase National Bank of New York and chairman of the currency committee of the American Bankers association today denounced the government's currency bill at a conference of banking and clearing house associations called to discuss the measure. Forty-seven states were represented.

Hepburn opposed government domination of the federal reserve board, the regional reserve plan and governmental responsibility for bank issues. He declared that the federal reserve board might evolve a dangerous political machine. The bankers expect to agree tomorrow on a concerted protest.

Hepburn pointed out the fact that the federal reserve board comprises the secretaries of the treasury and agriculture, the comptroller of the currency, and four others to be appointed by the President, and therefore will be under the President's domination.

He objected to the provision requiring national banks to provide capital for the proposed federal banks without giving the former the slightest control of the latter. He asked why the banks should be asked to furnish capital more than other industries,

further asking why the entire people should not furnish it through the federal treasury.

**KETTNER HOPEFUL FOR
PASSAGE OF THE BILL**

WASHINGTON, Aug. 22.—According to Congressman William Kettner of California, the House ought to be able to pass the currency bill by September 1. He thinks that it will not be amended at all in caucus except to change the provisions relating to farm loans.

"In my opinion," he said today, "and I have read it very carefully, it is an excellent bill. The caucus is almost through considering it and it will go to the House with practically no changes."

Unofficially, it is admitted that the Democrats have indulged in violent squabbles over the bill in caucus, and Senator Owen was reported to have bolted the plan for regional reserve banks, but he is out with a denial. The President's decision he is assured of Owen's active and hearty support.

There is considerable speculation whether or not the Senate will consent to speed up on the tariff debate now that it seems positively assured that the currency bill is to be pushed through.

**NYE'S BODY TO BE TAKEN TO
OAKLAND
TO BEGIN WORK
ON LAKE IN
MONTH**

Ex-Gov. Pardee and Mayor Mott Among Pall-Bearers for Dead Controller
This Fall County Park's Charms Will be Added to by the Supervisors

SACRAMENTO, Aug. 22.—The body of the late State Controller A. B. Nye was sent to Oakland today for burial. Former Governor Pardee and Mayor Mott of Oakland will be among the pall-bearers. The funeral took place yesterday in the capitol with state officials and a large concourse of friends in attendance. Floral offerings were abundant.

Financiers of the various state departments are held up pending the appointment of a successor to Controller Nye which Governor Johnson probably will announce on Monday. The name of Clyde L. Seavey, member of the board of control, has been mentioned.

Tribute from Governor
Governor Johnson, who was at Eureka during the death and funeral of Mr. Nye, paid tribute to the deceased. He said:

"Mr. Nye will be remembered as long as there shall be a history of California. He has been an important element for many years in our government, and has actively participated in the solution of our economic problems. No official ever gave greater devotion to duty. He was able, fearless, indefatigable. His loss to California is well nigh irreparable."

MAY GET CONTRACTS

WASHINGTON, Aug. 22.—Representative Kahn has conferred with Brigadier General Sharpe, acting quartermaster general, in regard to more contracts for army supplies being awarded to California merchants. As a result of the conference, it is probable that coast merchants will obtain a larger number of contracts than heretofore for army supplies destined to Hawaii and Pacific Coast military stations.

NO FREE PASSES TO STATE FAIR

SACRAMENTO, Aug. 22.—Announcement is made that there will be no "free gate" to the California State Fair this year. It is claimed ten thousand and passes were presented last year. The managers say the newspapers and the governor will get the only passes this year.

**Wells Fargo Co. Must
Establish New Tariffs**

A copy of the findings of the Railroad Commission in the actions brought against the Wells-Fargo Company has been received at the court. The decision was reached on August 1, and by it the express company has until October 1 to establish new schedules of tariffs within the state in accordance with the findings of the state commission.

The commission held a hearing of several days in the case last spring. The complaints were put in by the Merchants & Manufacturers' Association of Los Angeles, a Central California organization and the County of

Some time this fall a lake will be added to the charms of the County Park. The Board of Supervisors expect within a month to start work upon cleaning out the basin and building banks for the lake. The body of water will cover three or four acres and will be about five feet deep in the deepest place. Boats will be put upon the lake so that those who care to can enjoy boating, though extended trips by water will be impossible.

**FRACKS WILL SHOW
THEIR GOOD QUALITIES**

SACRAMENTO, Aug. 22.—With the automobile truck coming into such general use in both country and city, the truck demonstration run from San Francisco to Sacramento on the opening day of the state fair is commanding considerable attention from automobile dealers, who are handling commercial cars. The plans for the tour, which are now in course of preparation provide that the machines carry their rated carrying capacity so that each car will show what it can do under working conditions.

The trucks will parade San Francisco and Oakland before starting on the trip to Sacramento. They will leave Oakland and go to Sacramento by way of Livermore, Pleasanton, Stockton and Lodi. This will be the first big demonstration of auto trucks that has been held in California, and it is certainly sure to attract wide attention because the automobile truck business is beginning to assume a more important position in the auto business than the pleasure car.

The trucks will be put on display at the state fair in a big show space adjacent to the automobile tent, where the pleasure cars will be shown. Prospective purchasers of auto trucks will have excellent opportunity of learning first hand what these cars will do when put to the test.

**EXTRADITION
ONLY WAY TO
GET THAW**

So Answers Bryan to Acting Gov. Glynn's Appeal for Aid of Government

**GLYNN ASKS VERMONT TO
HOLD THAW IF DEPORTED**

Counsel Advises Thaw to Become British Subject and Thus Avoid Deportation

WASHINGTON, Aug. 22.—Secretary of State Bryan telegraphed Acting Governor Glynn of New York that he was unable to find a law under which he can demand that Canada deport Thaw. Secretary Bryan said that under present treaties extradition is the only possible method for Thaw's return to New York.

In response to Glynn's appeal for aid in securing Thaw, Secretary Bryan late yesterday sent a personal telegram to British Ambassador Sir Cecil Spring-Rice at Dublin, N. H., in regard to Thaw's escape and presence in Quebec, saying: "The department, while not in a position to make a request in the matter which in its present aspect is not within our extradition treaties, brings it to your notice with a view to such action as the Canadian authorities may find themselves justified in taking."

Glynn's appeal was then turned over to the immigration bureau.

**GLYNN REQUESTS VERMONT
TO HOLD THAW IF SENT THERE**

ALBANY, Aug. 22.—Acting Governor Glynn today wired the governor of Vermont: "I am informed that the Canadian authorities may deport Thaw into Vermont about Wednesday. Request that you apprehend him immediately and hold awaiting requisition."

SHERBROOKE, Que., Aug. 22.—Assured that the request of New York for the extradition of Harry Thaw will remain ungranted, Thaw's brother-in-law, George Carnegie, is reported to have a yacht in Canadian waters on which Thaw will be taken to Virginia, where he will have the benefit of the court decisions under which John Chaloner, the originator of the parable, "Whose loony now?" is living unmolested, although he has been officially declared insane in New York.

Magistrate Mulvena postponed for a week the case against Michael Thompson, the chauffeur, accused of bringing Thaw into Canada, due to non-arrival of the records of Thaw's commitment to Matteawan as insane. The jail governor, fearing a rescue will be attempted, today denied Thaw to visitors, and even refused to permit a note to be carried to the prisoner. Reports that New York gangsters had been employed to rescue Thaw caused amusement. On the other hand, it is understood that Roger O'Mara, Thaw's Pittsburgh friend, has sent for two strong-arm men to guard against any attempt to kidnap Thaw by New York emissaries.

It is reported here that Thaw's counsel has advised him to purchase property in Canada and become a British subject, thereby rendering his deportation impossible.

**FUNERAL AUTO CAR
ACROSS CONTINENT**

Michael Moran's Body Be Taken from San Francisco to New York, Dying Wish

LOS ANGELES, Aug. 22.—To fulfill the dying wish of Michael Moran, a San Francisco automobile man, his body will be taken from San Francisco to New York in an automobile hearse, according to a statement made here today by W. A. Peck, who will have charge of the trip.

Peck starts to San Francisco tonight to complete arrangements. He expects to leave San Francisco on August 27, arriving in New York a month later.

**FOUNDER OF STATE'S
PUBLIC SCHOOL SYSTEM
IS DEAD AT MARTINEZ**

MARTINEZ, Cal., Aug. 22.—Joan Sweet, the man who fashioned California's public school system, died today of old age. Mr. Sweet was eighty-three years old.

ORANGE COUNTY FAVORED FOR LOCATION NEW GIRLS' INDUSTRIAL TRAINING SCHOOL

RENEWED ACTIVITY IN
BUILDING IS VERY
NOTABLE

"Building for Beauty" is Be-
coming a Santa Ana
Slogan

GOOD PROGRESS MADE
ON COUNTY HIGHWAYS

Progress and Prosperity Notes
from All Over Orange
County

Orange County is well in line—indeed, a little to the fore-front—in the running for the location of the new Girls' Industrial Training School.

This big institution is to be located in Southern California—that has been decided by the powers that be—and one who is very close to the powers that be was in Santa Ana this week to secure suggestions as to a suitable man or woman to go on the Girls' Industrial Training School Commission, and saying that Orange County is in decided favor as a suitable section in which to locate the institution.

The three main points in favor of Orange County are these: Climate, moral conditions, rich soil with wide diversity of adaptation, just the right distance from Los Angeles—not too far away nor too near-by, probable availability of a tract of land that would meet all requirements, etc.

GOOD ROADS WORK
Three contracts have been let and another will be let on Aug. 28 for building sections of Orange county's great highway system of paved roads. Work is under way on two jobs, and cement and pipe has been ordered for a third.

The first work done on the system was when C. E. Chamberlain began making the approaches to the West Fifth street bridge across the Santa Ana river. Those fills have been completed.

Chamberlain has broken ground at the Bolsa end of the section of road covered by his contract, and will work East on First street and then east on Fifth street to the Santa Ana city limits. He probably will begin pouring the cement foundation on a part of the road within a week or ten days.

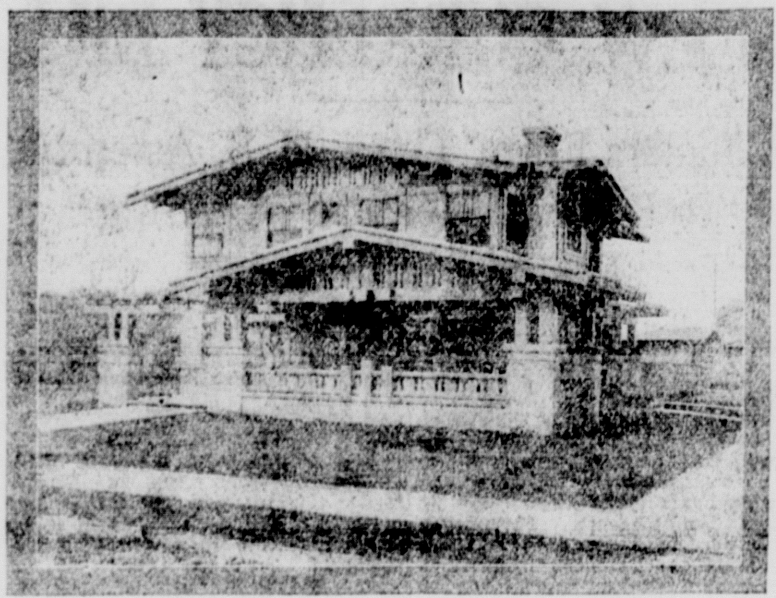

The West Fifth street bridge is still closed to traffic, and will be until a wearing surface of some kind is placed upon it. The highway engineers have not yet decided what material shall be used in making this surface. The street is open for light traffic, the wooden bridge being in use, but automobiles going to and coming from the west country are advised that they will do better to go by First or Seventeenth streets.

D. A. Dantonville, who has the contract for paving Orangeflower avenue, which runs east and west between Anaheim and Fullerton, has started construction. He has the road graded, and concrete is being placed. Dantonville is commencing at the east end of the strip. On top of the concrete base a surface of oil and rock is to be placed.

Geo. S. Beeson & Sons have not yet commenced construction on their job, the Orange-Tustin road. The firm has ordered cement and pipe, and the first work to be done will be to place all culverts. This section of highway may be the first completed, though in starting it is several weeks behind the Chamberlain and Dantonville contracts. The road is shorter and but little grading will be necessary.

Withers & Crites of Los Angeles put in the lowest bid on the Orange-Olive road, and will be awarded the contract when the supervisors meet next week.

RESIDENCE OF O. H. EGGE ON BUSH STREET

"Building for Beauty" Is Now Santa Ana Slogan

Under the above heading the Fresno Republican publishes an editorial urging that in all future building in the city more attention be given to the artistic side, especially in the case of public buildings, and other improvements on a large scale. The article applies to Santa Ana and other cities as well as Fresno.

However, so far as Santa Ana is concerned it is gratifying to note a very decided improvement in this respect. All the public buildings, such as schools, churches, hospitals, etc., that have been built, or are under construction, or have been planned within the past few years are really beautiful buildings, and most residences and business houses of recent construction have been planned in full recognition of aesthetic values.

Notable examples of beauty in architecture among the public buildings are the new polytechnic high school group of buildings and the new county hospital; among business houses the proposed new Spurgeon block, Auditorium Theater, Athletic Club and Register building; among residences—but really no individual mention ought to be made of residences, because there are so many beautiful ones that even a considerable list would not do the subject justice. Conspicuous examples of beautiful homes of recent construction, however, include the residences of C. A. Gustlin, North Main street; A. H. Pease, 1114 Spurgeon street; Geo. L. Haynes, 501 Birch street; O. H. Egge, North Bush, and many others of this class.

Of the bungalow type of residence we find many attractive examples, such as the homes of E. S. Gilbert, Walter Vandermast and J. E. Livesey on South Main street.

Of course it is sometimes necessary for an individual building for private purposes, to "cut his garment according to his cloth"—in other words, to build according to his means—but such excuse for sacrificing beauty and only apparently immediate economy cannot be successfully urged on behalf of cities, or counties or states. Along this line the Fresno Republican's editorial, referred to in the opening paragraph of this article, says:

"Within the limitations of common sense, it is to be hoped that hereafter

PROGRESS AND PROSPERITY NOTES FROM ALL OVER THE COUNTY

Another two-story brick building was commenced in Santa Ana this week when workmen began excavating for the foundations of a brick structure to be put up at the north-west corner of Third and Sycamore streets by Walter Myers. This building will have four stories on the ground floor, facing Spurgeon street. The second floor is to be finished in apartments or rooming-houses.

Charles Bates, cement contractor, has commenced laying the foundation for a \$2500 residence to be built by Contractor C. M. Jordan for Lester Tubbs at 1406 Bush street. Jordan drew the plans for the house which will have many attractive features both inside and outside. This will be the third house within a stone's throw designed by Jordan. The house will be on the lot adjoining F. W. Fuller's attractive home and but a short distance from the two-story residence of O. H. Egge, both of which residences Jordan designed and built.

J. J. Morse this week began the construction of a cottage at 715 North Main street, on a lot adjoining the two-story residence sold a few months ago by him to O. I. Wilson. Since he sold the home place Mr. and Mrs. Morse have been living with a daughter at Garden Grove.

City Engineer Finley has taken out permits for some alterations in the old drill hall of the Finley block on East Fourth street. A portion of the hall space has been rented to William Cochens of the Vienna Bakery, the portion rented being directly above Cochens' place of business. N. L. Galbraith is making the alterations.

George Heil is completing the brick work on T. E. Stephenson's house at

laying one mile each year.

Newport News: Achilles Epifanos, a wealthy Italian, has purchased a lot on the corner of Thirty-fourth street and the ocean front and will build a modern apartment house when the road is extended up the beach so he will be able to get material on the ground more readily than at present. The Board of Trustees has ordered the road extended from Thirtieth to Thirty-sixth street.

Contractor Horn has begun work on a handsome six-room bungalow for John Sprague at Placentia. The ground plan is 43-1-31 and the structure will cost about \$1800. T. Hansen has lumber on the ground for the erection of a modern six-room bungalow.

The heirs of the Hitebrink estate are considering an offer made them of \$2000 per acre for the 100-acre ranch at Placentia. This offer has been made by a capitalist who desires to make a fine country home of the large ranch.

Gibbs Lumber Co. supplied the lumber for a new residence which is being built on the E. D. Gage ranch northeast of Fullerton. Also for a 700 house which Mrs. C. L. Riley is having erected on the rear of the lot at 318 East America.

The Fullerton city council has ordered West Commonwealth paved between Spaura avenue and the Presbyterian church. A petition was in circulation this week asking that it be paved still farther west, but there is much opposition. It is said, to the proposed extension as but few property holders are in favor of it. Some of the property holders claim they cannot stand the expense of the work. If the extension should be made on West Commonwealth a like extension should be made on East Commonwealth, but the "outsiders," both east and west, will fight such an extension, so are informed.

RESIDENCE OF WALTER VANDERMAST ON SOUTH MAIN STREET.

BUILDING PERMITS ISSUED DURING THE PAST WEEK

To Lester Tubbs, with C. M. Jordan contractor, one-story residence at 1406 North Bush street, \$2500.

To Heninger Bros., one-story residence on South Broadway, \$2,000.

To Southern Counties Gas Company, with Baker Iron Works, contractor; corrugated iron building at gas works, \$2500.

To Harry Rincerson, six-room bungalow on lot 2, block P, Hill tract, \$1,000.

To A. M. Andrews, with Thomas Ash, contractor; four-room dwelling on lot 13, block 2, South Side addition, \$1,000.

To S. H. Finley, with N. L. Galbraith contractor, remodeling old Armory, \$500.

To Mrs. Buck, with R. Adams, contractor; closet, \$20.

To W. E. Place, seven-room bungalow on lot 12, block B, Walnut Grove tract, \$3,000.

To O. J. Lundkvist, sleeping room at 603 West Third, \$55.

To S. H. Finley, with N. L. Galbraith, contractor; skylight over old Armory, \$250.

To S. H. Finley, with N. L. Galbraith, contractor; skylight over old Armory, \$250.

To S. H. Finley, with N. L. Galbraith, contractor; skylight over old Armory, \$250.

To S. H. Finley, with N. L. Galbraith, contractor; skylight over old Armory, \$250.

SANTA FE DOUBLE TRACKING BEGINS

The Twenty-Four Miles Between Los Angeles and Fullerton Come First

Fullerton Tribune: The Santa Fe is preparing estimates on the first of the double track work to be done between Los Angeles and San Diego in getting ready for the exposition rush in 1915.

The engineering offices in Los Angeles are said to be securing estimates on the cost of the stretch between Los Angeles and Fullerton, a distance of 24 miles. The cost of construction of the line is understood to be placed at about \$500,000, or nearly \$20,000 per mile.

Surveys for the line have been completed, according to the report, the entire distance between Los Angeles and San Diego, the new route below Fullerton diverging from the present line to the beach at La Jolla and continuing a scenic route into San Diego by following the coast line. As yet the activities on the fourth district are purely in the elementary stage and right of way matters have not been considered. The building of a second track would mean many changes in the present line. The contemplated double track is needed not only because it is on the main line of the Santa Fe to San Diego, but it is also on the kite-shaped track where local business is heavy.

It is said the first work will be to double track from Los Angeles to Fullerton whether or not it is continued to San Diego.

There are now 20 passenger trains

daily between Fullerton and Los Angeles and five or six of these trains pass one another between here and Los Angeles and much time will be saved when the road is double tracked. This will add greatly to the importance of Fullerton as a railroad junction point.

PLAN TO PAVE THE ROAD TOWARD BREA

E. E. Bulcom was the spokesman before the Fullerton City Council for a committee from the chamber of commerce, voicing that body's approval of a plan to pave the road north of Fullerton leading to Brea. As this is one of the most used thoroughfares leading into the county, the importance of making it a thoroughly good highway is recognized by the chamber of commerce and the city trustees, and the two bodies will together endeavor to see that it is permanently improved. The question of issuing bonds to provide for expense of paving this road is being considered, and those who favor or oppose the project are invited to express their judgment, that the trustees may learn what is the prevailing sentiment in regard to such a plan.

BUENA PARK WILL PUBLISH BOOKLET

The last meeting of the Buena Park Chamber of Commerce was interesting, and there was quite an attendance considering the fact that many are away at beaches and in the mountains for their annual vacation. An arrangement was completed for having 5000 booklets printed to use in the Los Angeles and Santa Ana, Orange County display in the chamber of commerce, a committee was appointed to take over the street lighting contract from the Ladies' Mutual Aid, leaving them free to lend their energies toward building up a good circulating library and reading room for the Park and surrounding country. Considerable fruit and vegetables are being taken to the chamber of commerce rooms at Santa Ana for exhibition there.

Mothers! Have Your Children Worms?

Are they fussy, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and nervous appetites? These are all signs of worms. Worms not only cause your child suffering, but stunt his mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is a happy and healthy, as nature intended. All druggists, or by mail 25c. Advertisement.

DISTRICT TO HOLD A RALLY

Christian Endeavorers Are to Hold Meeting at El Modena Sunday

(By Staff Correspondent.)

ORANGE, Aug. 22.—A Christian Endeavor rally of the second district of Orange county will be held at the Friends church in El Modena next Sunday, August 24. An extensive program, and one that gives much promise of interest has been arranged for the afternoon. The chief speaker will be J. P. Welles, ex-state president of the Bible Institute, Los Angeles. His subject is: "Not By Might Nor By Power, But By My Spirit, Saith the Lord of Hosts."

The program commences at 2:30 p.m., opened with devotionals by Rev. W. H. Gaithraith, of the First Baptist church, Orange. Among those on the program are Herbert P. Rankin, of Santa Ana, general state secretary; Malcolm Telford of Santa Ana, Howard E. Gates of Santa Ana, county president, and Vernon G. Winfield of El Modena, district chairman.

Announcement has been made of three new homes which will be erected by three brothers, E. H. Hahn of the Waechter Shoe Company, B. F. Hahn of the West End Garage, and S. L. Hahn, who will arrive here in about a week from Osborn, Kas. The houses will be modern seven-room bungalows located on two lots at the corner of Grand street and Palm avenue. They will be started very shortly.

An all-day temperance meeting will be held at East Newport, next Tuesday, August 26. The meeting will be under the auspices of the W.C.T.U. of Orange county and will be managed by officers of the union. Every one who is interested in temperance work is invited and urged to attend as there is great anti-saloon work to be undertaken in the beautiful beach city.

The Fraternal Aid Association enjoyed an informal social gathering last evening at the conclusion of their regular meeting. About twenty-five or thirty people were in attendance.

Greeting names provided the entertainment, after which the guests matched slips of paper for partners at supper. Ice cream and wafers were served.

H. L. Porter, Leon Shadel, Roy and Guy Ford and J. Harbour returned yesterday from South Fork, where they have been spending the last ten days.

Mrs. J. L. Cobb and daughters, Margaret and Ruth, of Hemet, are guests at the home of W. F. Bowen on North Shaffer street, for a few days.

Rev. and Mrs. S. H. Woodford are expected home today from a vacation trip to Oceanside.

G. E. Shriver of East Collins avenue has purchased eight acres of the C. Z. Bates ranch on East Walnut avenue east of Tustin street. The Shriver family will build a new home on the property and will move to the X. D. Ayers place at the corner of

Misses Effie and Lola Field of Los Angeles are visiting their grandmother, Mrs. Adame Field, on South Orange street.

Miss Lucile Brooks left this morning for Los Angeles, where she will visit with friends until the first of the week.

R. G. Newell of Greenfield, Cal., arrived last evening for a short visit with his brother, A. C. Newell, and family, on West Palmyra avenue.

LIVES AGAINST PRECEDENT

PORTERVILLE, Aug. 22.—Despite a double dislocation of the spine, which in the majority of cases would have proved instantly fatal, H. Okuma, a Strathmore Japanese nursery employee, is still alive at a local sanatorium and his physicians say the injured man may live for months. Okuma was thrown from a wagon in a runaway at Strathmore last evening, as a result of which he received the injury.

FAMILY OF UNDER-ALLEGED WHITE SLAYER MARRIES WORLD'S QUEEN WILL NOT TAKE FORTUNE YOUTHFUL VICTIM

SACRAMENTO, Aug. 22.—The fortune of Cherry de St. Maurice, the underworld queen who was murdered here, leaving \$40,000, may be for R. M. Francisco of Los Angeles, her partner in several business ventures, who arrived today to claim the estate.

Francisco says the woman's brother is an Episcopal clergyman and that her family refuses to claim the estate. He claims, therefore, that he is the legal heir.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as a prescription, othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from Mateer's Drug Store, 104 West Fourth street, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Former patrons of A. K. Shultz are asked to visit his new East Side Market, 1128 East Chapman street, Orange. Opens Tuesday with fresh meats, also pies, cakes and bread.

ORDER

In the Superior Court of the State of California, in and for the County of Orange, sitting in separate session as a Juvenile Court.

The petition of Ernestine Miller, an abandoned child.

The petition of Children's Home Society filed herein on the 22nd day of August, 1913, praying that it be declared that Ernestine Miller is an abandoned child within the meaning of Section 224 of the Civil Code of the State of California as amended April 12, 1911.

LOS ANGELES, Aug. 22.—Robert Burton, the automobile man arrested a week ago in connection with charges made by Carol Mason, a fifteen-year-old motion picture actress, forestalled prosecution by marrying the Mason girl late yesterday, at the Broadway Christian church. He was released from jail yesterday on the order of Judge Summerfield to permit him to make arrangements for the marriage, after he had failed to raise bail.

The \$10,000 bail of Henry W. Haskamp, son of a millionaire Canadian lumberman, held on a similar charge, was returned and Haskamp released on his own recognizance. The case probably will be dropped.

HOW THEY SAVED ISHAM FOR CODY

Devoted Indian Friend Went

Limit to Bid Horse in for "Buffalo Bill"

DENVER, Colo., Aug. 22.—At the auction sale of the Wild West show property here yesterday, an agreement between staunch friends of "Buffalo Bill" that Col. C. J. Bills of Lincoln, Neb., would bid in "Isiham," the white horse ridden by Col. Cody at every performance for twenty-five years, for presentation to the latter, was faithfully carried out.

Carlo Miles, an Indian, was unaware of the agreement, but with the same purpose in view, went his limit in bidding.

"The Nebraska man" opened the bidding at \$10, this being the price agreed upon.

"Twenty dollars," declared the Indian.

"Twenty-five dollars—\$25—\$50," came the bids from all sides in the same breath. The party with Col. Bills had not figured on outsiders wanting to buy "Isiham." The outsiders also were entering their bids to save "Isiham."

"Seventy-five dollars," said Carlo Miles, a fierce light beginning to burn in his eyes, and a bright red beginning to show beneath the copper hue.

"Eighty dollars," called Frank R. Irwin of Cheyenne.

"One hundred dollars," said Col. Bills.

"One hundred and ten dollars," came from the Indian, who straightened himself in his saddle. The bid was raised \$5 or \$10 at a time, until \$150 was offered by the man from Nebraska. In the meantime, Carlo Miles had lost his traditional stolidism. The tears had begun to form in his eyes, and were rolling unnoticed down his swarthy cheeks. The bidding was carrying him beyond the value of his outfit.

"I can't go much further," he told a friend in a half whisper.

"But if the man who buys that horse don't give him back to Col. Cody, I'll steal the horse tonight and take it to him," he declared, with an oath.

Then, when he was told that all the bidders had the one idea of buying the horse for Col. Cody, he wept in earnest, but they were tears of joy.

The Best Pain Killer

Bucklen's Arnica Salve when applied to a sore, burn, sprain, burn or scald, or other injury of the skin will immediately remove all pain. E. E. Chamberlain of Clinton, Me., says: "It robs cuts and other injuries of their terrors. The remedy is equal to all." Will do good for you. Only 25c at all druggists—Advertisement.

ORDER

In the Superior Court of the State of California, in and for the County of Orange, sitting in separate session as a Juvenile Court.

The petition of Children's Home Society of California filed herein on the 22nd day of August, 1913, praying that it be declared that James Samuel Leece is an abandoned child within the meaning of Section 224 of the Civil Code of the State of California, as amended April 12, 1911.

It is ordered, that Friday, the 29th day of August, 1913, at the hour of 10 o'clock a. m. be fixed for the hearing of said petition, and that all persons interested show cause, if any there be, before this Court at said time why the prayer of the said petition should not be granted and the said James Samuel Leece be declared an abandoned child within the meaning of the above entitled act of Legislature.

It is further ordered that notice of said hearing be given by a publication of this notice three days prior to the said hearing in the Santa Ana Daily Evening Register, a newspaper printed and published in the County of Orange.

Done in open Court this 22nd day of August, 1913.

ORDER

ENSION FOR MINISTERS

A minister of course ought to be the money end of his job. He is much more satisfied out of soul than that obtaining the money money on his consideration shows lack of act.

at even the country parson on a year is expected to appear in pulpit in a fresh and neatly pressed frock coat. Furthermore, ministers frequently commit the imprudence of having children. They might as well in advance, also, that these children would have literary tastes, and could demand college educations. Ministers are called passee at fifty and superannuated at sixty. At that age poultry culture and selling life insurance are undertaken under a hand.

Recognizing such conditions, the Baptist church recently appointed a committee on pensions, which has just reported in favor of half pay for ministers over sixty-five, with provision for widows and orphans. Baptists and other denominations are working on similar plans.

High clerical ideals seem easy enough when seen from the right side of a business office. But the calling does not prove attractive to the bright college graduates. In the Episcopal church, while membership was increasing sixty-six per cent, clergymen increased but 29.

The clergyman must satisfy the younger set that his trousers are properly creased and his stockings correct. He must not affront the more conservative by crossing his legs in the pulpit. He needs the executive gifts and grasp of human nature expected from a factory superintendent. He must be a skillful financier, an original thinker, a graphic writer, a forceful elocutionist, a graceful conversationalist. A larger allotment of bread and butter is needed for so inclusive a task. Some pension scheme would be good business for all the churches.

W. A. HUFF

WOMEN'S FADS AND FANCIES

By Margaret Mason

NEW YORK, Aug. 22.—No matter if your skirts are slit fore and aft, they will still be on the outskirts of fashion unless they are overtopped with the omnipresent wired tunic dubbed "le minaret." Positively to be tuniceless is to be styless. Built of popular chiffons and like diaphanous materials, these lanquid affairs are weighted around their wired extremities with the most diverse of trimmings. One original little chiffon frock of Nattier blue has the tunic weighted with a narrow band of milk, while yet another of sage green tulle is finished with a bobbing border of cherries. Ball fringe in old gold or silver is another favorite finish.

The fur trimming of the late summer frocks is steadily gaining favor. Not only as a border for tunics but as banding on the hems of lingerie gowns, crinoline and other short haired furs are very chic. When the leaves begin to fall all the smart tailor suits will have a generous trimming of fur either dyed a la Futurist or true to nature.

Velvet gowns fur banded will take on renewed life for their third successful season and evening wraps and mantles of soft velours will all sport wide fur collars. Already these gor-

geous mantles are being pressed in to service around bare throats, and it is very smart to wear the garment slipping carelessly off one shoulder, particularly if your shoulder is one of your good points.

Under no consideration must your mantle be fashioned. What matter if your chest be bare to autumn blasts if tyrannical fashion says, "Nay, nay?" Quite the newest features of these new draped wraps are that the fur collars are guileless of fit and the fur is put around the top simply in a wide straight strip. And never more is the drapery caught in around the region of your knees in the erstwhile favorite fashion elegantly called the potato sack.

Another echo of the past come into its fashionable own again is the short kid glove of white, worn with an elbow sleeve. If this fad takes a tight grip on feminine hands and hearts we are due to hear a wall from the glove manufacturers only equal to that sent up by the petticoat and material trust heads when the tight skirts first came into vogue.

What the minic hat is to the summer girl, the tam-o'-shanter promises to be to the winter maid. Made of black velvet they are already much in evidence on many pretty heads.

One particularly lovely model that simply reeked of Rue de la Paix was worn on the Avenue the other day by one of the best dressed women in New York. It was of that newest of new shades called "nigger brown" and was made with a narrow visor of velvet in lieu of a rim, that cast a becoming shade over the wearer's red brown hair and blue eyes.

It was worn slightly turned up on one side at a rakish angle with a single upstanding ostrich feather. On one side of its dividing spine the feather was brown and on the other side it was ebony.

These fads have the saving grace of being becoming to almost any countenance and are Highlandish without being at all outlandish.

Unclaimed Letters

The following letters remained unclaimed for in the postoffice at Santa Ana, Cal., for the week ending Aug. 23, 1913.

Altshouse, Mrs. Irvin

SAXONS ARE HUMAN PILLARS

They Support Bridge on Which is Automobile With Six Passengers

The most astonishing exhibition of physical strength in all modern history is that presented in the act which the Arthur Saxon trio is this season doing with Ringling Brothers' World's Greatest Shows. Two of the brothers form the pillars of a bridge, over which passes an automobile with six passengers.

The weight supported by these two men is 800 pounds. This is the most sensational feat ever seen beneath the canvas of a circus. During the engagement at the Madison Square Garden, New York City, Arthur Saxon demonstrated his championship over all the world's strong men before a committee of scientists, physical culture experts and members of the press. He was subjected to the most rigid scrutiny by the judges. After the test was over, he was pronounced the strongest man on earth.

Among other feats, none of which was ever accomplished by another strong man, Saxon raised above his head a dumbbell weighing 374 pounds, using but one hand, exceeding all other world's records by ninety-nine pounds. Lying on his back, Arthur Saxon supports with his feet a plank on which sit thirteen men, while with his hands he holds up three men and a 200-pound dumbbell. Saxon is a sculptor by profession. Many of the public buildings of France and Germany are adorned with his handiwork. He is a graduate of Leipzig university. His two brothers are very nearly as strong as he. They are vegetarians and have never tasted alcohol. They rarely smoke.

This act is one of the prize discoveries of the foreign agents of the show. It is their first appearance in America. They are getting a bigger salary than was ever before paid to any three circus performers. Arthur Saxon claims to be as strong as Samson. Those who have seen his act are quite willing to accept as truth what seems to be an extravagant statement. Gilman H. Lowe, editor of Physical Culture Magazine, in a scientific analysis of the German giant, says his measurements are perfect, and that from a physical standpoint, he is an ideal specimen of manhood. He believes Saxon's claims of strength are warranted by his accomplishments.

Ringling Brothers' circus will exhibit in Santa Ana on Friday, Sept. 12. It will be an unusual circus event. This show for ten years or more has been the greatest amusement enterprise in the world. There is, in addition to its size and strength, an artistic and brilliant movement to it, not found elsewhere. The Ringling Brothers have a genius for big things in a circus way that is peculiar to themselves.

One of the things that has always distinguished their show is their trained animal features. This year they have, in this respect, added great glory to their names. They have secured the Albert Schuman horses from Germany, for one thing. These horses are a great entertainment in themselves. This single act has been an attraction in Europe for many years, strong enough to bring tourists hundreds of miles out of their way. Schuman is the greatest trainer of horses in the world. He has made ten millions of dollars in that profession.

A Little Safe All Your Own

When you become a Safe Deposit Box renter at the Orange County Savings & Trust Company, you have the exclusive use of a little drawer-like safe, surrounded by an impregnable fortress of steel and concrete, and protected by time locks, police alarms and every modern device which makes for absolute security.

Absolute security in every sense of the phrase, for never yet has a modern safe deposit vault yielded to the attack of fire or burglars.

This protection may be had at very low cost, and we invite you to call and let the vault custodian show you the Orange County Savings & Trust Company equipment.

Announcement of the arrival of the 1914

Standard of the World

Two Speed Direct Drive Axle

Every ounce of power is used to the very best advantage under all conditions. Practically all vibration is eliminated. Maximum of power, speed and efficiency, with minimum of gasoline and oil.

Touch an electric switch and the gear ratio changes from 3.66 to 1 to 2.5 to 1.

This new axle is the most progressive step of the year in modern motor car development—giving two direct gears on each of the three forward speeds, without touching a lever.

Under all conditions your car will always have at your control the ideal gear for securing the maximum of power and efficiency with the minimum of oil and gasoline consumption and wear and tear on the car.

The advantages of the high direct drive gear ratio lie primarily in the fact that with it, any given speed of the engine produces an increase of about 42 per cent in the speed of the car. For example: At an engine speed of 700 revolutions per minute, with the low direct gear engaged, the car will travel approximately 21 miles per hour; while on the high direct gear it will travel approximately 30 miles per hour with no increase in engine speed.

CONGRESS OF REFORMS

Clubwomen and Reform Workers to Assemble at East Newport, August 26

A "Congress of Reforms" will be held in East Newport at the public hall beginning at 10:30 a. m. Tuesday, August 26. A picnic lunch will be held at noon. The ladies are asked to take box lunches. Hot coffee will be served and a picnic lunch will be held at noon.

The program will include addresses and talks by club women from different societies. Mrs. Jones of El Modena will lead the devotional service; Mrs. Anna Hill will talk on work of the young people, and Mrs. J. N. Anderson will give a talk on "The Medicine Chest." Mrs. W. B. Tedford will conduct a symposium, Mrs. B. Utley will read a paper on the "Responsibility of the Franchise," and Mrs. Lucy Blanchard, state president of the W. C. T. U., will give an address. A violin solo will be given by Keith Davis. There will be other speakers and also other special music. All the women, and men as well, of the county who are interested in reform measures are cordially invited.

Prominent Iowa Man Here

Mr. and Mrs. J. B. Armstrong of Shenandoah, Iowa, are house guests of Mr. and Mrs. C. E. Crose. Mr. Armstrong is one of those genial 32-year young men. He and Mrs. Armstrong recently passed their sixty-third wedding anniversary and are hale and hearty, with every promise of many years more of life.

Mr. Armstrong is father of the Seed Corn Business and is as active and enthusiastic in business as at any time in his life.

The Armstrongs have their summer home in Florida, but Mr. Armstrong is today a bit alarmed lest he be unable to get Mrs. Armstrong away from California.

At the Auditorium

Last night the Auditorium Theater management put on a new program for the last half of the week, and it is in every respect right up to their standard of high excellence.

The moving pictures are splendid and for a night or two will include the Animated Weekly, which is of such great interest to all. The vaudeville part of the program, the best that can be had is not too much, especially with regard to the Reeves Concert Company, which is one of the finest attractions that has ever been here, and they are old friends, too.

Their act, however, has undergone marked improvement in every respect, being on a par with the bigger acts of the Pantages and Orpheum circuits. They opened with Miss Allene and her drum, which she handled as skillfully as a veteran; this was followed by a trumpet call, and then Walter P. Reeves played "The Rosary" as a solo on the flugel horn, with baritone horn, cornet and trombone as accompaniment. The number was beautifully done and greeted with spontaneous applause from the whole house.

Next Elba sang "That Melody Divine," with organ, violin and Saxophone accompaniment. She sang well, Miss Allene gave the Scotch Sword Dance, which was heartily enjoyed. This was followed by another solo on the flugel horn, by Mr. Reeves, with the others accompanying on organ and two violins. The number was "Absence," and like "The Rosary," brought instant approval. The finale was the old favorite, "Annie Laurie," beautifully sung by the quartette and they were not permitted to leave the stage until they had sung an encore, a bright little number entitled "The Bumble Bee." They appear in Scotch Highland costumes and their work throughout is clean, well selected and artistic.

Hazel Kitching, also on this bill, is a dainty little dancer, whose work is far above the average dancer of the present day. She sang several very pretty songs and danced like a bewitching fairy. She is an unusually clever artist. This charming young girl is accompanied by her mother on her travels.

The other number was H. A. Gilbert as the typical Hebrew. He does a ludicrously funny "stunt" in monologue, but his cleverness really lies in the last part of his act, which is a grotesque, loose-limbed dance that makes the audience roar with laughter.

The orchestral work, which adds much to the general entertainment, was unusually good. Selections from

BERLIN MAY WREST TITLE OF "WOMAN'S CAPITAL" FROM PARIS

Berlin is not usually thought of as a city favored by women, but if the extraordinary preponderance of the female population of that city as shown by figures formally published today, continues to increase, the German capital will be able to wrest from Paris the title of "the woman's capital." In 1871 there was a majority of 8489 in the men's favor, but today, in spite of a garrison of nearly 22,000 guardsmen, the women number 82,845 more than the men—1,077,951 as against 994,296. The number of unmarried women of between 40 and 50 is half as large again as that of bachelors of the same age, and of single persons over 50, the number of "old maids" is almost double that of the bachelors.

The "Mikado," arranged by Sullivan, played by the six-piece orchestra, merited the applause given by the audience. The other numbers of the repertoire were equally well rendered and will be a part of this evening's performance.

A CHICKEN DINNER

Mrs. Reuter Hostess at Pleasant Affair at Hospitable Main Street Home

Mrs. A. N. Reuter entertained a few friends with a splendid chicken dinner on Thursday evening at her home in South Main street.

Mrs. Reuter had the table prettily rimmed with scarlet geraniums, those vivid flowers that lend themselves so beautifully to decorative effects.

The appetizing and well appointed dinner was served at seven o'clock and the hostess was assisted in entertaining and serving by her mother, Mrs. A. N. Balchew.

Noon Dinner Party

Miss Alice Curtis was at home yesterday to a number of friends at her home on Spurgeon and Seventeenth streets. The affair was practically a reunion of old friends. Miss Curtis entertained them with a pretty served three-course dinner at noon, and the afternoon following was spent in a social way.

The hostess's sister, Miss Carrie Curtis, of St. Louis was one of the guests. Another was Miss Marguerite Linden of Redlands, who is a house guest at the Curtis home. Others were friends from Redlands, Mr. and Mrs. Curtis and Mrs. Baldwin. Mutual Santa Ana friends of the hostess and her out of town visitors, Mrs. J. B. Medlock, Mrs. Mary Heathman and Mrs. Wood constituted the other dinner guests.

Surprise House-Warming

Mrs. Alice Hunter recently arranged for a surprise house-warming for her parents, Mr. and Mrs. J. W. Inman, and last night the pleasant affair came off as scheduled. The Inmans recently purchased the R. R. Raymond house on the corner of Fourth and Barton streets.

The affair was a complete surprise and was greatly enjoyed by the forty people present as well as by the surprised host and hostess.

Music and games made the evening pass all too soon. Refreshments taken by the surprisers were served at a late hour.

U. S. OFFICIALS ARE NAMED TO ACT AS EXPOSITION BOARD

WASHINGTON, Aug. 22.—President Wilson has designated A. C. Miller, assistant to the secretary of the interior, S. W. Stratton, chief of the bureau of standards, department of commerce, and F. Lamson Scribner of the department of agriculture, as members of the board to have charge of federal exhibits at the Panama Pacific Exposition.

Not fitted for school or college with poor eyesight or eyestrain. Dr. K. A. Loerch, 115 East Fourth St.

BORN

WHITFORD—In Santa Ana, at their East Chestnut street home, on Aug. 18, 1913, to Mr. and Mrs. E. W. Whitford, a son. Mother and child doing well.

W. R. C. WOMEN HONORED

Named at Huntington Beach to Fill Responsible Offices in Auxiliary

While the regular meeting of the Sedgwick Woman's Relief Corps held yesterday afternoon at G. A. R. hall was not largely attended owing to the absence of many members at the closing day of the annual Southern California Veterans Encampment at Huntington Beach, the meeting was nevertheless an enthusiastic one. Mrs. Jeanette Magill presided, and several matters of interest and importance were reported.

One of these was the fact that the "pigpie" fattened by Sedgwick Relief Corps of Santa Ana, during the past year yielded the largest amount of pennies for "Bean Day" of any of the many "pigpies" presented at the encampment by the various relief corps of Southern California. This fact was gratifying to those present yesterday as the Santa Ana women have worked assiduously to make a generous offering for the annual treat to the old soldiers.

Another pleasing piece of information was that three of the local corps women had been elected to responsible positions in the woman's auxiliary to the Veterans' Association. Mrs. Catherine Fischer having been chosen vice president and Mrs. Jeanette Magill and Mrs. Elizabeth Pendleton appointed as aides.

MANY FINE EXHIBITS RECENTLY RECEIVED

Following is a list of contributions to the exhibit of the Chamber of Commerce during the last few days:

Chas. Carey, cluster of three very large Elberta peaches; I. O. Wilson, a dozen large Crawford peaches; Roy K. Bishop, Nectarines and Tourte plums; Dr. H. W. Head, a large basket of Wicken plums for distribution to the people on the Triangle. Trilce, Mrs. M. Nisson, large bouquet of hydrangeas and pink lilies; A. Ruiz, Tustin, a 52-pound watermelon; I. R. Goodwin, 2401 C street, cluster of Sultana plums; W. F. Gillogly & Son, Villa Park Nursery, two Italian cucumbers, one of them 33 inches in length; A. Seidlmeyer, Grand avenue, a cluster of 14 Valencia oranges; Mrs. M. H. Thompson, Garden Grove, some nice bell peppers; W. D. Rose, secretary Buena Park Chamber of Commerce, brought in for the Buena Park exhibit, specimens of large apples from the Fred Pastady ranch, an extra fine lot of large cling peaches from Trapp Brothers' ranch, some Elberta peaches, carrots and sugar beets.

LORD STRATHCONA, AGED 94, WILL RESIGN OFFICE

OTTAWA, Ont., Aug. 22.—Lord Strathcona has signified his intention of resigning the post of Canadian high commissioner. He will retire early next year, when he will have reached his ninety-fourth year.

He probably will be succeeded by Clifford Sifton, former Canadian minister of the interior.

CALIFORNIA LEADS IN AUTUMN FOREST FIRES

WASHINGTON, Aug. 22.—Reports to the National Forest Service from district foresters say that the majority of forest fires during the past month have occurred in California.

There were more than 200 fires started in the national forests the past week, most of them being in California. Three-fourths of them were extinguished by rangers and campers before they did much damage.

POWER OF THE PRESS THEME AT THE HAGUE

THE HAGUE, Aug. 22.—"What the Press Might Do for the Cause of Peace," was the main question under consideration at today's sessions of the twentieth annual meeting of the Universal Peace Congress which has been in convention since Monday.

Herr Fried and M. Le Poyer were today's chief speakers. Both emphasized the power newspapers have in promoting peace among nations. Both strongly condemned those newspapers "which are continually clamoring for war or warlike demonstrations behind a mask of false patriotism." Herr Fried declared "the jingo press the greatest menace of the present day to commercial advancement." He argued that the "jingo" press by continually grasping every opportunity for calling for war could not help but stir up a certain amount of unsettledness in business circles. The congress will adjourn tomorrow.

Suffered Eczema Fifty Years—Now Well

Seems a long time to endure the awful burning, itching, smarting, skin-disease known as "eczema," another name for Eczema. Seems good to realize, also, that DR. HOBSON'S ECZEMA OINTMENT has proven a perfect cure.

Mrs. B. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my terrible, which has troubled me for over fifty years." All druggists, or by mail 50c.—Advertisement.

Don't Stay Out and Doubt--Come In and Find Out
Always Reliable **Vandermast & Son** 110 E. 4th Santa Ana

Personals

Homer Skiles has changed his postoffice address from R. D. 3, Santa Ana, to R. D. 2, Orange.

A. N. Cox and family, 1517 North Main street, returned today from Avalon, Catalina, where they have been spending their vacation.

Mr. and Mrs. H. H. Reeves, Mr. and Mrs. Balderston and Mrs. Edward Reeves left this morning for Balboa, where they spent the day.

Miss Sarah Gardner will leave Saturday for an outing in Strawberry Valley, above Pine Crest.

O. M. Robbins and E. B. Smith departed for Bear Valley this morning for a fishing expedition. They expect a week's royal outing.

Mrs. Anna Brasher of Hopkinsville, Kentucky, who has spent the summer here with Mrs. Frederick H. Ely, has departed for her southern home, greatly delighted with her visit in Southern California, a region of which she has many complimentary things to say.

Dr. J. I. Clark is expecting a visit tomorrow from his brother who resides in Omaha, Neb. Mr. Clark's wife will accompany him.

Miss Maud R. Jones returned yesterday from an extended absence. After attendance at summer school at Berkeley, Miss Jones attended the Y. W. C. A. convention at Pacific Grove. Later she visited her cousins, Mr. and Mrs. Charles Jones at Selma. She greatly enjoyed all of the summer pleasures.

A card from Mr. and Mrs. H. T. Duckett, dated at Tia Juana, Aug. 20, says: "We are taking in the sights of Mexico and are vacationing at a great rate. Having a very enjoyable outing."

Mr. and Mrs. W. A. Huff and Mr. and Mrs. H. D. Connel left on Sunday next for Lake Tahoe, making the trip by train. They expect to remain at that popular and beautiful

spot for three or four weeks.

Mrs. W. L. Dugan and her daughters have returned from Salt Lake City, where they have been for the last eight weeks. Many of Mrs. Dugan's relatives live in the Mormon capital.

Mrs. Mary Champlin of Brown street has enjoyed a visit during the past week from Mr. and Mrs. James Alexander of Chico, who have been making a tour of three months through the East and Middle West. The visitors returned to their home at Chico yesterday.

O. M. Robbins and E. B. Smith left this morning for a week's fishing in Bear Valley. They made the trip in the Smith automobile.

Miss Joella Gowdy has gone to Forest Home for a week's vacation, going in company with Los Angeles friends. Her sister, Miss Sarah Gowdy, last week spent several days at Miller's Canyon, having a most pleasant time.

Miss Alice M. Whobrey, who has been teacher of stenography in the Orange County Business College, left yesterday afternoon for her home in Kansas, going via the Southern Pacific and Canadian Pacific. She will not return. Her pupils greatly regretted her departure, going almost en masse to see her off.

Mr. and Mrs. W. B. Ranney of Groton, New York, and two children, are visiting at the home of Mr. and Mrs. George A. Barrows, 702 Cypress avenue. The Ranneys are here looking for a location.

WEST ORANGE MAN IS GROWING BEANS BETTER THAN JAPS

There are some people who seem to think that raising of green vegetables for the local market is practically turned over to the Japanese. J. C. McDonald, a rancher on West Chapman street, West Orange, west of the river, was in town today demonstrating that so far as he is concerned and so far as mammoth lima beans and the ordinary green lima beans are concerned that conclusion is incorrect. McDonald brought in some fine specimens for the Chamber of Commerce.

"I have twelve acres of beans that I propose to sell green," said he, "except what I save out for seed. Yes, I have heard that Japs furnish a good deal of the vegetables. That may be true, but I defy them to raise as good beans as I have growing on my ranch. I am not peddling them from house to house. I have a ready market for my whole crop right here among the Santa Ana stores. I can sell every bit I can pick and bring in. I did it last year, and made money at it, and I am doing it again this year, and I am making money at it."

"I am mighty proud of that twelve acres of beans, and I have a right to be. I won't admit that any Jap or any other person has a better patch anywhere."

McDonald had four pods of Mammoth lima that weighed a quarter of a pound. Mammoth is a good word for beans of that kind.

AT THE COURTHOUSE
CHURCH AND CONTRACTOR DEFENDANTS

Anaheim Builder Fails to Pay
All Sub-Contractors and Labor, Hence Action

O. Lagman, an Anaheim contractor, and the Bethel Baptist Church of Anaheim are defendants in an action brought in the superior court today by D. A. Wedel, representing himself and others who hold mechanic's liens against the church property for work or materials furnished in remodeling the church. The reason the liens were filed and suit begun is that Lagman failed to pay some of the sub-contractors and workmen employed on the job.

It was last fall that Lagman took the contract for remodeling the church. Wedel is one of the carpenters who was employed. The complaint, filed in the superior court for him by Attorney Melrose and Ames and Leonard Evans, alleges that he worked sixty-five days at \$4 a day, and was paid \$464, leaving \$96 due him. For that amount he recorded a mechanic's lien. Other claims assigned to Wedel, included in Wedel's suit are: T. S. Grimshaw, \$325.55; Griffith Lumber Co., \$890.22; Karl Kollenberger, carpenter at \$3 a day, \$57; Julius Nerling, carpenter at \$3 a day, \$69; H. L. Goodrich, plumber, \$104.75.

Each of the checks brought into the district attorney's office by J. R. Raine was originally a \$1 check, and each one was raised to \$10. Raine sent word of the matter to Sheriff Rudbeck yesterday, and young Raine was arrested soon afterward by City Marshal Porter of Balboa. Glenn Raine is the son of Ed. Raine of West Orange.

Articles Filed
Articles of Incorporation of the Sisters of St. Dominic in California were filed yesterday afternoon. The incor-

poration is associated with a religious society of the Roman Catholic Church and is organized to establish and maintain colleges, hospitals and asylums. Sisters who are in charge of the orphan's asylum at Anaheim are the directors.

Marriage Licenses
Jesus Sandoval, 23, and Dolores Flores, 19, both of Santa Ana; Monroe S. Wygal, 23, and Emma Goss, 22, both of Placentia.

Pleads Guilty
This morning before Judge Taft of Los Angeles, Tom Sing pleaded guilty to attempting to poison Ah Foa, a Chinese agent in having Sing sent to jail for disturbing the peace. Sing put carbolic acid in Ah Foa's wine bottle. Hans Wedel is his attorney. Sing is going to ask for probation when the matter comes up next Friday.

Suit for Divorce
Emma Lottie Robinson has brought suit for divorce against William J. Robinson. Williams & Rotan are attorneys for the plaintiff.

Marriage License
Roy O. Doty, 21, of Paso Robles, and Grace J. Macrae, 18, of Santa Ana, Appraisers Chosen

This morning, Judge Taft of Los Angeles, sitting on the superior court bench here, appointed appraisers as follows: Of Charles Schneider estate, H. A. Dickel, Carl Pressel and J. N. Anderson; of Martin Haurie estate, F. C. Rimpau, J. de la Guerra and J. N. Anderson; of S. Ono estate, R. C. Hein, B. T. Beste, and J. N. Anderson.

Another Lien
Still another lien has been put on record against the Auditorium Theater building. It was recorded by the Pioneer Paper Company on a demand for \$157.89.

WESTERN POLO TOURNEY ON DENVER, Colo., Aug. 22.—That the victory of the American defenders of the international polo trophy at Meadow Brook, Long Island, has greatly increased interest in the sport in this country was evident here today when the western summer tournaments began. The contests will last through August 30, and will be played on the Colorado Springs Country Club's field. On September 1, the Denver Country Club's tournament will begin. It will last through September 6. Five representing eight Colorado clubs, and teams from the cavalry posts at Fort Robinson, Nebr., and Fort Riley, Kans., will participate. The prizes valued at \$10,000 have been offered.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

IN THE JUSTICE COURT
YOUNG RAINE HAS REACHED END OF ROPE

His Grandfather, J. B. Raine, Sees No Use in Temporizing With Him Any Longer

Glenn L. Raine's escapades have made a good deal of trouble for him and his grandfather, J. B. Raine, and his grandfather has got all of it he can stand. This morning the aged man went to the courthouse and swore to a complaint charging his grandson with a felony.

"I hate to do it," said the old man, "but there seems to be nothing else I can do. I have helped him out of trouble a number of times, and I guess he needs some other kind of treatment."

Glenn L. Raine is 26 years old. His grandfather lives near Wintersburg, and is well known as the "factory man."

This morning the old man went to the district attorney's office with five checks. One of these was selected by the office as the basis of the complaint, which charges that Glenn Raine on May 13 raised a \$1 check signed by J. B. Raine from \$1 to \$10 and cashed it at R. G. Tashman's jewelry store at Wintersburg. The check was drawn on the Home Savings Bank.

"I have given him every chance in the world to make good," said the old man. "I am convinced now that he hasn't got it in him. It cost me \$50 to get him out of a scrape in Los Angeles. When he was arrested not long ago for beating a board bill at Newport Beach, I paid him out of that."

All five checks brought in by the grandfather were cashed by Tashman. Young Raine was arrested at Balboa. This morning he was arraigned before Justice Cox and his preliminary examination was set for Aug. 25.

Transferred Here
Today Justice Cox filed papers in a case transferred to his court from Huntington Beach township. T. R. Oyer is the defendant and Delta Gilman the complainant. The charge is disturbing the peace.

Did Not Like It
E. E. Coon, who said he is a captain in the San Diego fire department, was arrested yesterday by Motorcicle Officer Davidson for speeding on North Main street. Davidson's speedometer showed the speed to be thirty miles an hour. Coon pleaded no guilty, put up \$10 bail and his trial was set for Aug. 30. Coon was much displeased over his arrest.

INJURED EMPLOYE GETS PAY EVEN IF HE IS IN JAIL

LONDON, Aug. 22.—That an employer must still pay compensation to an injured workman even if he is in jail was the decision, formally handed down today by the appeals court. Last July while working in an elevator on a skyscraper John McNally injured his knee and his employers were ordered to pay him \$5 a week compensation. In January they discovered McNally had been convicted of larceny and sentenced to eighteen months in prison so they asked the courts to rule there was no need for them to continue paying him. The county court on May 19 reduced the sum to 25 per cent but the employers contended that as he was in prison he could not get work even if he was able to do so, which they declared was the case. The appeal court, however, decided that better partially disabled through the accident it does not matter whether McNally can get out of prison to find work or not and that the payments must continue.

U. S. TO HAVE MODEL CITY ON BIG SCALE AT 1914 LYONS FAIR

PARIS, Aug. 22.—According to Ambassador Myron T. Herrick, Morgan Fullerton, an American journalist, author and lecturer, will leave here shortly for the United States to confer with authorities there regarding his duties as special commissioner at the Lyons Exhibition Urban which will be held from May to November, 1914. Fullerton has just been notified of his appointment.

The exposition will demonstrate the workings of a model city and almost every nation will be represented by its idea of what a model city should be. America will take part on an important basis. New buildings are being erected within an area of twenty-five acres. The remainder of the exposition grounds will cover sixty-five acres.

PHILADELPHIA IS FIRST TO USE SEMAPHORE ON STREETS

PHILADELPHIA, Aug. 22.—Philadelphia today stands first among the cities of the world to use the semaphore for regulating street traffic. A device known as the Porteur semaphore today is in operation at the intersection of Broad and Chestnut streets, where traffic is an hour as in any cross corner in the world, according to Philadelphia officials. It is similar to those used on railroads except that it is operated by the "receiving policeman" by hand. It can be seen by drivers or chauffeurs a block away and was ordered installed by Director of Public Safety Porter. Captain Martin H. Ray, "systematizer" of the director, invented the apparatus. Director Porter said today he will install the semaphore on all downtown street crossings if the one at Broad and Chestnut proves a success.

RUSSIA ALCOHOLIZES HER PEOPLE AND REAPS RICHES

"Drunken Budget" Totals \$400,000,000
In 1913—Children Debauched—
Crime and Suicide Increase
Alarming

ST. PETERSBURG, Aug. 22.—Startling proof of the tremendous increase in the consumption of alcohol in the past ten years, and particularly of the enormous financial success of the government's liquor monopoly, is presented in official statistics published today in connection with the new budget. The liberal press calls it "the drunken budget." The annual sale of alcohol is stated to have grown from 19,000,000 gallons to 250,000,000 gallons, and it is estimated that in the current year the total income from this source will be \$400,000,000, or more than one-fourth of the entire revenue of the empire.

When the government monopoly of the sale of spirits was established in 1905, it was confined at first to four government departments but within a decade it had been gradually extended to the whole of Russia with the exception of a half-dozen of the smaller outlying provinces. Since the establishment of this system the government has sold to the people of Russia nearly three billion gallons of vodka alone, and sociologists agree that the amazing prevalence of drunkenness and crime among the lower classes is attributable almost solely to this fact. At the time, the government proudly announced that in taking over the liquor business it was actuated less by the hope of financial advantage than by moral and hygienic considerations. They said the private saloon keepers were ruining the people and that the government must step in and prevent so much intemperance.

NOT SPECIAL THIS WEEK BUT EVERY WEEK AT THIS STORE

SANTA ANA, CALIFORNIA, FRIDAY EVENING, AUGUST 22, 1913.

UNDAUNTED BY LATE HOUR, SLEEPY CLERK, COUPLE IS MARRIED

It would have taken more than a sleepy county clerk to dampen the ardor or stay proceedings mapped out by a young couple that arrived in Santa Ana about 10:30 o'clock last night from Placentia. The county clerk was sleepy, no question about that. He was in the land of dreams when his telephone bell rang. He reached the pesky thing, took down the receiver.

"Yes, this is Williams," he answered. "We are from Placentia," came in an excited tone, "and we want to get married right away, and we want to get a marriage license, and we—"

"Nothing doing," said Williams. "Come over in the morning."

Williams went back to bed, and was no more than sound asleep when an automobile stopped in front of his house, and his doorbell began to ring. Williams went to the door, and there stood Monroe S. Wygal of Placentia, with a look of pleased entreaty upon his face that Williams could not resist. He gave up on the spot. He got into some street apparel, and went forth into the night. In the automobile were four Placentians, Wygal and Miss Emma Goss. The others had come along to see the affair through.

The automobilists found room for the county clerk on the back seat beside the bride-to-be, and the journey to the courthouse was soon made and the coveted license issued.

By this time Williams was enlisted to help out with the next step in the proceedings. The couple wanted a minister, the first Methodist minister, Rev. Inwood, to be exact, and Williams was engaged to pilot the party in that direction.

Again the automobile was set in motion, and it brought up on front of the parsonage on Spurgeon street. The house was dark.

The door-bell rang, and Rev. Inwood's head appeared at an upper window. "What's the trouble?" he inquired.

"Come on down," called out Williams, who had been asked to become spokesman, the others displaying a sudden bashfulness. There is something real rich.

Somewhat mystified and wondering what errand of mercy was at hand, the minister came downstairs and opened the door. Seeing the smiling countenance of County Clerk Williams, Rev. Inwood immediately divined what kind of sickness it was that had brought people to his place at that time of night.

"Lovesickness!" said he. "Come right in." The invitation was accepted with alacrity, and a few minutes later Mr. and Mrs. Wygal departed with the minister's blessing.

ORANGE COUNTY BOYS ENJOYING CATALINA CAMP IMMENSELY

Avalon, Cal., Aug. 21, 1913. The Register:—I write this to give our friends in Santa Ana and Orange county some idea of our trip to the island and our first day at camp. The Santa Ana fellows left the high school grounds Wednesday at about 7 a.m. by auto truck. We journeyed to Garden Grove by way of Seventeenth street. At Garden Grove a number of fellows from other points in the county joined us and we proceeded on our way through Long Beach and on to San Pedro, which we reached about 10 o'clock. Our baggage was soon transferred to the Cabrillo, which left the harbor about 10:15.

The trip across the channel was very nice, the air being warm and the ocean smooth. As far as the writer knows, none of the boys was seasick. We arrived at Avalon about 12:15, ate our lunch and boarded the glass-bottom boat Cleopatra at 2 p.m. for the four mile ride to camp, where we arrived about 3:30. A swim was enjoyed and supper was eaten, and then we had a short chapel service before "turning in," which everyone was glad to do.

Today (Thursday) we were awakened by reveille at 6 a.m., had our morning exercise and the dip. Bible study came at 7 and breakfast at 7:30. Chapel was held at 8 and tent inspection at 9, and then we were free for the day.

Tomorrow most of the boys will hike across the island, which is about nine miles wide at this point. Saturday we go by launch to the isthmus, which is about ten miles north and where the island is only about one-half mile wide.

Here are the names of the Orange county boys and the towns from which they come:

Frank West, Santa Ana; Ralph Woods, Orange; Ensley Campbell, Orange; Monty Preston, Garden Grove; R. J. Hamilton, county secretary, leader, Santa Ana; Chauncey Pond, Santa Ana; Frank Blake, Santa Ana; Will Sebastian, Santa Ana; J. P. Sebastian, Santa Ana; Roy Shaffer, Wintersburg; Dick Burdoff, Fullerton; Sam Barker, Santa Ana; E. Crozier Phillips, leader, Tustin; P. C. Whitely, leader, Santa Ana; N. B. Brown, leader, Huntington Beach; Lee Durham, El Modena; Lowell Stevenson, Santa Ana; Frank Wollaston, Santa Ana; Ben Oertly, leader, Garden Grove; Florin Bonar, Santa Ana; Frank Cook, Santa Ana; Cecil McCoy, Huntington Beach; Gerald Whitaker, Anaheim; Clarence Chamberlain, Anaheim; Fred Bates, Villa Park; Raymond Starbuck, Fullerton; George Barnes, Villa Park; David Clough, Orange; Lyman Sherwood, Fullerton; Hugh Osborn, Santa Ana. CHAUNCEY POND.

RAID SURVIVORS IN REUNION

LAWRENCE, Kas., Aug. 22.—More than 300 of the 500 survivors of the historic Quantrill raid upon Lawrence fifty years ago yesterday gathered in reunion here to repeat again reminiscences of the border massacre and to decorate the graves of victims buried here.

REDLANDS IS TO COLLECT TAXES ON \$8,520,685 VALUES

REDLANDS, Aug. 22.—The total assessed valuation of the city of Redlands is \$8,520,685, the largest of any city in the county of San Bernardino. Counting out the loss from amendment No. 1 and the loss under the soldiers' exemption act, the value of the taxable property in the city is \$8,520,685.

The city loses just \$630,000 this year because of the amendment No. 1. The loss from the soldiers' exemption act reached \$53,080, making a total loss of \$683,080.

Home made Coffee Substitute, made in Santa Ana. Trial package 10 cents. Every grocer in town has it.

25-CENT REGISTER AD.
SELLS PEACHES LIKE
PROVERBIAL HOT CAKE

H. A. Wassum inserted a 25-cent ad. "Peaches for sale at one-half cent a pound. Pick them yourself." in the Register last Tuesday evening, and yesterday morning before breakfast the crowd began its invasion of the Wassum peach orchard. It not only began, but it kept going throughout the day until over 2500 pounds of peaches had been sold.

And more have been busy all day yesterday with the prospect of the same sort of a visitation today, for their are still peaches in the Wassum orchard, despite the onslaught. The Wassums can scarcely find time to eat between visitors.

Who says Register advertising does not pay?

OWN A FARM IN
TULARE COUNTY

Pay in cash (\$700 to \$1000 on 20 acres)—balance in 1913. Diversified crops are the farmer's safeguard. Yields of \$100 to \$500 an acre are realized from oranges, olives, peaches, figs, seedless grapes, melons, berries, Turkish tobacco, alfalfa, etc., etc.

The Orosi district is safe for oranges. The navel crop is shipped by December 15th. Our illustrated folder with map may mean much to you. Send for it.

The Water Companies Should Have a Care

Orange Post: A few weeks ago the Orange Post published an article under the above title, calling attention to the boring of a test well on the Durkee ranch and to the reason assigned by rumor for such investigation. It seems that this article was like the proverbial red rag flung in the face of an angry bull to "G. W. Sherwood, President S. A. R. D. Co."

He accordingly attempted to answer it in the Fullerton Tribune of August 14.

The sub-head to Mr. Sherwood's article calls the article in the Post a "long article," whereas his answer is nine and a half inches longer. It also places an interrogation point (?) after the word "benefits" and stigmatizes the \$100,000 investment as a "white elephant." These sneers merely exhibit the feelings of the party making them and neither prove nor disprove anything relative to the value of the Durkee ranch.

The body of Mr. Sherwood's answer continues the sneers and insinuations begun in the sub-head. He says, "The writer of the article in the Orange Post has worked himself into a sweat over a rumor that it is proposed to develop water on the Durkee ranch, and that the ranch is to be subdivided and sold; gives an extended history of the purchase of the ranch, and makes many statements which are untrue." There were no manifestations of heat in that article; the history of the purchase of the ranch, which was not "extended," was given for the benefit of the newcomers; and the "many statements" which purported to give facts, were absolutely true. Sherwood himself knows there is no argument in his sneers and insinuations and in all that swagger about Rip Van Winkle and "dreamers" applied to others, and claims of being "awake" and changing belief applied to himself. Such twaddle is indulged in for rhetorical effect, "to split the ears of the groundlings, who for the most part are capable of nothing but inexplicable dumb-shows and noise," as Hamlet expresses it about the reason for "robustious acting."

Mr. Sherwood admits that he was against the ranch from the start; and his present claim, that later developments have justified his criticisms, proves nothing relative to the value of the property, or anything else—unless it be that the ranch has not been well managed. His belittling remarks show that he is not above depreciating the companies' property for the sake of making a point in argument.

He speaks of studying the ranch; but he does that like some people study the Bible, for the purpose of finding objections thereto. The dictum, "that water rights are obtained by use and not by claims," shows that Sherwood is not so ignorant of the meaning of the phrase, "adverse user" as he professed to be. However, that dictum is only partly true as the law now stands. Riparian rights, of which the ranch has about three and a half miles fronting on the river, are appurtenant to the land. The ranch has been in possession of more than 1000 inches of appropriated water, adverse to the whole world, for more than twenty years. Such rights are unassailable under the present laws. Prior to making the purchase, the directors of the two companies were advised by good Los Angeles attorneys that, with the ownership of the ranch in possession of the companies, the water belonging thereto could be used indiscriminately on any lands irrigated by said companies. Never before the output of Mr. Sherwood's article have we seen or heard the suggestion that the portion of water belonging to each acre of land must be used on such acre during the summer months of each year or the water right to the unirrigated portion would lapse. Why, many walnut growers lease the summer water on their stock to orange growers! Bad as the water commission bill is, we don't believe that even it would forfeit the water rights of the Durkee ranch for non-use at any particular time or place, provided such rights were legitimately exercised elsewhere by the owners.

Since the article came out in the Post more than one stockholder of the S. A. V. I. Co. has suggested that this company buy out the A. U. W. Co.'s half interest in the ranch and thereby relieve Sherwood from his worry. It will be remembered that C. C. Chapman offered to give the water companies \$5000 for their bargain shortly after the purchase, and the offer has never been withdrawn. He would make the property pay well on the investment and still hold it.

Nowhere in Mr. Sherwood's article is there a denial of the rumor that he wanted to dispose of the ranch, although he does suggest that the proposed water development was for use on the property itself. He promised to guard the stockholders' rights in the matter; but he has already shown that he prizes such rights very lightly and will bear watching. He deprecated publicly over the question; then why did he add fuel to the flame by trying to asperse the former owner of the ranch and everybody connected with its purchase? No amount of sneers or ridicule can lessen the intrinsic value of the Durkee ranch, both as to its present possibilities for a storage basin, and as to its future possibilities for water development at the present time. Although there is much more than might be said, we will close for the present with the last paragraph of the preceding article.

"To surrender this vast heritage on any pretext whatever would be worse than a blunder on the part of the directors of the two water companies—it would be a breach of trust, a crime. It behooves the stockholders to guard their rights in this ranch just as jealously as they would their rights in their individual property. Eternal vigilance is the price of water as well as the price of liberty."

PERRY'S FAMOUS SHIP
ON ROUND OF LAKE PORTS

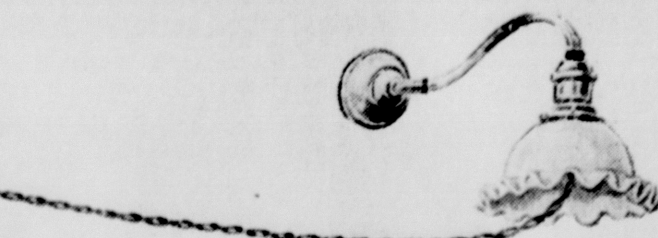

CHICAGO, Aug. 22.—The century-old Niagara, flagship of the fleet with which Commander Oliver Hazard Perry defeated the British in the battle of Lake Erie, left Chicago today. The picturesque old craft, which was sunk in 1818 and recovered only a few months ago for the Perry centennial, was towed out by the United States gunboat Wolverine. It is on its way for exhibition at other lake ports.

LOS ANGELES PRODUCE MARKET

Short crops of apples in Western states, as compared with last year, will probably cause prices to advance considerably above the low level maintained during the height of last season.

Peaches were in oversupply. The price quoted in some instances for reputedly good stock was about 30 cents a lug. Nectarines were as low as 2 cents a pound. Pears were in fair supply. Plums of all kinds were about as plentiful as usual. A considerable quantity of Bittenheimers and Bellefleur apples are in evidence. Gravenstein are becoming scarce. Grapes are quite plentiful. Tokays, Malagas, Muscats and Black Hamburgs are among the principal varieties.

Potatoes are still firm. Onions show upward tendencies. Receipts of both average rather light. Dried beans are somewhat easy. Bell peppers are in oversupply. Dried chili is a little weaker. String was offered at 22½ cents a pound and loose at 20 cents, with 17 bid on the Exchange. Sweet potatoes are very easy. Cabbage and tomatoes continue rather firm. Brussels sprouts are cheaper.

Eggs declined 1 cent yesterday, probably owing to an easier San Francisco market, and heavier receipts from the East. The demand has also shown somewhat of a falling off. Butter was unchanged. California cheese was a little stronger.

Makes Buildings

30 Degrees

Cooler

On a hot summer day

the temperature in the upper part

of a building covered with

J-M Asbestos Ready Roofing

is from 15 to 30 degrees

cooler than with any other

roofing. The white asbestos

surface reflects the heat instead

of absorbing it and transmitting

it to the rooms below.

This is only one of the

exclusive features of

J-M ASBESTOS

ROOFING

Besides making a building

cooler in summer and warmer

in winter, it is the only

ready roofing that never needs

painting. J-M Asbestos is

also the only ready roofing

that is fire-proof.

Its First Cost Is The

ONLY COST.

CLOUDBURST IN MOJAVE

SAN BERNARDINO, Aug. 22.—A

cloudburst along the Mojave river

near Helen was the climax of a ter-

rific storm that raged all day through-

out the San Bernardino mountains

and on both sides of the range. The

rain at Helen fell for half an hour.

Lightning struck near the Bledsoe

ranch house, shattering trees.

In this city rain fell for a quarter

of an hour.
